Electric Pallet Jack Charger

Ensure your pallet jacks are ready to go whenever you need them

Electric Pallet Jack (EPJ) Charger

SAFE, SIMPLE, RELIABLE CHARGING.

- Ensures your electric pallet jack stays charged
- Generates power directly from lift gate battery pack
- Built-in lower voltage protection to preserve liftgate operation
- Weather and corrosion-proof plastic box with aluminum frame
- Utilizes opportunity charging for minimal system impact
- Simple connectors in box for ease of installation
- SAE-rated orange AC cable does not require conduit

REQUIRED	PICK ONE		OPTIONAL
EPJ Base Install Kit **401586**	**Prepped Trailer Install Kit** **401363**	**Retrofit Trailer Install Kit** **401364**	**Optional Stretch Cable** **401365**
